Conscience. While attending the state convention of the W. C. T. U. at Manville, Wyo., I was entertained by Mrs. Nina Higby. I am a temperance lecturer, and at breakfast Mrs. Highy handed me a lovely cup of coffee with the remark, "did you ever realize that it is not at all consistent for temperance people to continually advise others to avoid poisonous stimulants, and yet day by day drink such articles themselves. Any Gains. CINCINNATI, O., Nov. 5.-The campaign losed here to-night, as It did elsewhere in Ohlo, with demonstrations. In this counin the Western states and in Delaware with reduce this number to less than twenty. But this is at best an ultra conservative estimate and only illustrates how carefully the Republican managers are calculating all chances for and against them. According to the best official estimate, the Republicans will elect not less than 18 members which, with those already elected in Oregon, Maine and Vermont, will make the total 12 Republicans, leaving the opposition 161.

There will be elections in forty-two states Tuesday—in Alabama, Arkansas, California, Colorado, Connecticut, Delaware, Florida, Georgia, Idaho, Hilnois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maryland, Massachusetts, Michigen, Minnesota, New Hampshire, New Jersey, New Craite, Polibition, Socialists and Reformty, which includes the First and Second ive state treets—republican, Demo-ic, Prohibition, Socialists and Reform-All have full tickets here and in other s, but in some counties the Socialists Reformers were not recognized. While Republicans will likely carry the state Democrats claim the Republicans cannot gain any congressmen. On the last presidential vote the Republicans secured ifteen, and the Democrats six, congressmen in Ohio.

### CLOSE IN COLORADO.

Fusionists Are Claiming the State by Only 5,000 to 6,000 Plurality.

DENVER, COL., Nov. 5.—The speaking campaign in Colorado closed to-night. Senators Teller and Wolcott have both stumped the state. Senator Wolcott has claimed the only hope for free silver is through the Republican party by international agreement, possibly with a new ratio. Ex-Governor Walte, former Populist leader, supports the Republican ticket. Although ten parties are named on the official ballot, the contest is really between Thomas, gubernatorial candidate of the Democratic, People's, Teller silver Republican, National People's and Liberty Union parties, and Henry R. Wolcott, leading the Republican, silver Republican and Western Republican tickets. Both sides claim victory, the Republican by 15,009, and the fusionists by 5,000 to 6,000 majority. Congressman Shafroth, silver Republican, and Bell. Populist, it is generally believed, will be re-elected. The fusionists will carry the legislature, but the Republicans hope to elect a majority of eighteen senators, who will hold over and vota for DENVER, COL., Nov. 5.-The speaking leans hope to elect a majority of eightee fors, who will hold over and vote in election of Senator Wolcott's successor

### SILVER THE ISSUE IN INDIANA

Both Sides Claim Victory After a Campaign Waged on the Money Question.

INDIANAPOLIS, Nov. 5.-The political ampalgn was practically closed to-night y both parties. The chairmen have ised statements claiming victory for their espective parties, a majority of the thir-een congressmen and a majority of the egislature that will elect a United States legislature that will elect a United States senator, in January, to succeed the present Democratic incumbent, David Turple. There are five state tickets printed on the ballots, viz.; Democratic, Republican, Poullsi, Prohibition and Socialist.

The Democrats declared for free silver and the Chicago platform in their state platform and in the platforms of all the thirteen congressional districts. The Republicans declared for the gold standard and reaffirmed the St. Louis platform, other issues were discussed by the Democrats, but none so prominently as the financial question. Republicans appealed to voters to sustain the administration on the war and other issues, and did not make the financial question quite so prominent as the Democrats did.

rectly traceable to colles, for the individuals at once began to improve when they left off coffee, and I had found it so in my own experience.

I had made several attempts to break away from the habit and had tailed, much to my disgust, and, oftentimes, when addressing an andience on the evils of liquor drinking. I had in my own heart felt that I was very much like an old toper, the only difference being that I wanted coffee and he wanted liquor.

Mrs. Higby went on to say, "we have ahandoned coffee entirely in our family, and are using the Postum Cercal Food Coffee made down at Baitle Creek, Mich. and I think when you drink this sup, you will agree with me that it is in many respects a more delicious beverage than originating taste, much like the very highest grades of mild Java.

I drank the cup slowly and realized that her remarks were true, and I want to say to you that I gained no more valuable knowledge at that convention in Wyoning than that which I learned at the breakfast table where I had my first cup of Postum I have since used it regularly very greatly to my physical and mental advantage, and have found ro difficulty whatever, in doing away with coffee. No one can tell how glad I am to be free from its baneful effects. I can now make a temperance address with a clear conscience, and, perhaps, I might add, a clearer complexion than formerly.

THE FIGHT IN NEW YORK.

NEW YORK, Nov. 5.-There are five state tickets in nomination in New York, as fol-lows: Republican, Democratic, Citizens' Union, Socialist Labor and Prohibition, The Citizens' Union vote is an altogether un-known quantity, probably important only if that of the two old parties shall be close; that of the Socialist Labor party may approximate 2000, while the Prohibi-tion vote has not often been much in excess of 10,000.

The Republican campaign has been an aggressive one and notable for the energy with which Colonel Roosevelt conducted his canvass. Within one week—the last week of October—he traversed the state from cast to west, and from west to cast, delivering close upon 100 addresses, some of them of considerable length.

To all appearances he aroused a great deal of enthusiasm. Judge Van Wyck pursued a very different course. His public addresses have not exceeded ten, and these were delivered at such place as Buffale. Rochester, Utica, Elmira, Albany and New York.

The potency of New York city (or Greater New York) as a factor is shown by the fact that it easts nearly as many ballots as all the rest of the state, but there are great variations in the party tides in the city than up the state. For example, in 1896, Black, Republican, for governor, had a plurality of 95,031 over Democrats of both the free silver and the gold standard wings, while in 1897 the Democratic judicial nominee had a plurality of 95,351. There has been this year a local diversion which may exert a marked influence on the vote of Greater New York.

The Republicans are disposed to concede a reduction of their majority in the legislature, but profess a confidence that they will have a working majority in both houses. There has been no crystallization of sentiment upon the question of which, in the event of Republican control, shall be elected to the United States senate.

Democrats confidently expect to gain three or more congressmen in districts below the Harlem river, and possibly as many in the state districts. The Republicans did not feel sanguine or maintaining the preponderance of twenty-eight as against six Democrats in the New York delegation.

The registration in Greater New York this year, while not as heavy as last year, gives promise of a large vote being brought out, the figures being: This year, 556,89; last year, 561,192. The vote ordinarily is about 7 per cent less than the registration.

The executive committee of Tammany Hall held 44s final meeting before the election to-day and received reports from all the district leaders. The figures given out were that Tammany expects to carry New York county by 76,000 plurality and that the figures from the other borough leaders led the committee to make the claim that the Republicans must come to the city with a plurality of 36,500 if they expect to elect Colonel Roosevelt.

It had een conceded that Governor Pingree and the Republican state ticket would be easily the Republican state ticket would be easily elected. The past week, however, considerable opposition to a second term for the governor developed among influential Republicans, but it is claimed that its effect upon Governor Pingree's anticipated big majority will not be especially noteworthy. The Democrats have made an extremely active campaign and they predict the eleclon of ex-Congressman Whiting as row-ri-or. They also claim the election of at least half of the congressional delegation, which how contains but two Democrats. In the selection of members of the legis lature Governor Pingree's equal taxation reforms have developed into almost as much of an issue as party politics. The governor's most intimate following is determined that a good majority of those favoring increased railroad taxation shall be elected, and they are opposed to the re-election of United States Senator Bur-

#### DEMOCRATS CLAIM CHICAGO. If They Carry It They Will Gain Several Congressmen in

Illinois. CHICAGO, Nov. 5 .- Only two minor state officers are to be voted for generally in Illinois next Tuesday. Twenty-two congressmen and a legislature are, however, to be chosen, and the interest is centered in them. While the lower house will no participate in the selection of a United States senator, twenty-six of the state senators to be selected will hold over and take part in naming a successor to Senator Cul-lom. The Republicans claim sixteen of the listricts, giving ten to the Democrats. The latter, on the other hand, say they will elect seventeen senators and the Republicans four, calling among others, the five Chicago districts doubtful. The present congressional delegation consists of seventeen Republicans, four Democrats and one fusionist. The Republicans assert that they will gain one or two seats. Kentucky Bourbons Concede but One District Where Now Four Are Republican.

LOUISVILLE, KY., Nov. 5 .- The eye of election next Tuesday for representatives in congress finds the Democrats enthusinstic. They claim that the Kentucky conaressional delegation will have an inreased Democratic majority. The delegation now stands seven Democrats and four Republicans. The Democrats figure that only in the Eleventh district are the Republicans certain of electing their candidate, Vincent Boreing, while in the Fifth, Eighth and Ninth, where the Republicans row have the representatives, the Democrats declare their opponents have no more than a fair chance to win. On the other hand, the Republicans are confident of returning Walter Evans, from the Fifth, or Louisville district, where the Democrats are not working entirely in harmony. They also claim that Pugh, in the Ninth, will certainly be returned, and maintain that Davidson, in the Eighth, has a strong fighting chance. Republicans. The Democrats figure that

are five state tickets in the field—Republican, fusion (Democratic, Populist and free
silver), Prohobition, Socialist-Labor and
Liberty (free silver) Prohibition. The lastthree parties cut little figure in the vote.

The light has been waged largely on state
issues, though the fusionists have made
free silver a leading theme, and the Republicans the successful prosecution of the
war. Campaign managers of both leading
parties claim confidence, the fusionists being most outspoken, Chairman Gaffan saying they will elect the entire state ticket,
both houses of the legislature, four of the
six congressmen sure and probably the
other two.

Chairman Slaughter, of the Republicans other two.
Chairman Slaughter, of the Republicans, says Hayward (Republican) for governor, will be elected and possibly the whole state ticket. Senator Allen says the legislature will be strongly fusionist and he will be his own successor.

Democrats Claim Wisconsin!!!

Democrats Claim Wisconsin:::

MILWAUKEE, WIS., Nov. 5.—There are six state tickets in the field in Wisconsin. The chairmen of the Republican and Democratic state central committees claim to be sure of victory, the former by from 30,-90 to 50,000 plurality. In this election the Democrats to win must overcome a plurality of nearly 100,00 votes of two years ago. Of the ten congressmen, the Republicans ought to elect seven out of the ten, and may get one or two more, if not a full delegation. The legislature will be in control of the Republicans. This will result in Wisconsin sending a Republican United States senator to succeed John L. Mitchell,

Little Doubt in Texas.

DALLAS, TEX., Nov. 5.—The close of the campaign in Texas is without interest. There is a certainty of seven Democrats in congress out of a total of thirteen, the two doubtful districts being the Tenth and Tweifth. In the Tenth, Congressman Hawley, Republican, claims the election, but the whole force of the state organization has been thrown against him. The betting is slightly in favor of Hawley, In the Tweifth both sides claim the result by a good sized majority.

BOISE, ID., Nov. 5,-It is admitted by all sarties that the Republicans have made parties that the Republicans have made great gains over two years ago, when they polled only 6,000 votes out of a total of 28, 600. The Republicans claim they will elect their candidate, W. B. Heyburn, to congress, but the fusionists are equally confident that ex-Congressman Wilson will be successful. The woman vote is a new element in the campaign, and the politicians are at a loss to know how to estimate its effect.

Silver Will Win in Nevnda.

RENO, NEV., Nov. 5.—The best informa-tion obtainable indicates the election of the silver ticket in Nevada, with possibly three exceptions—governor, superintendent of public instruction and state comptroller. ENGLAND AND FRANCE MAY YET HAVE SERIOUS TROUBLE.

ONE MORE PILL FOR FRANCE

SHE MUST WITHDRAW FROM THE BAHR-EL-GHAZAL REGION.

Debate in French Chambers on Fashoda Question Eagerly Awaited-Sultan of Turkey and Khedive of Egypt Closely Watched.

(Capyright, 1828, by the Associated Press.) LONDON, Nov. 5,—The Marquis of Saibury's declaration on the subject of the athdrawal of the French mission from shoda, made at the Mansion house banjust last night in honor of General Lord Kitchener, is not regarded here as being wholly satisfactory. The entire absence of my reference to the extraordinary naval preparations is considerably commented upon, and it is remarked how careful the British premier was to explain that the evacuation of Fashoda was only in the nature of eil on troubled waters, and that British diplomacy had not yet weathered the storm which the Marchand mission

conjured up.
It is recognized that the French premier, M. Dupuy, and his colleagues, intend to carry out what they have promised; but a factor which must be reckoned with is the fact that there are influences at work in Paris which render the existence of any ministry precarious, and which might

at any moment, in the event of certain contingencies, provoke a general upheaval. The English papers point out that the evacuation of Fashoda is only an installment of the satisfaction expected by Great Britain, and that France has yet to swallow the pill of withdrawing from the Bahr-el-Ghazal region.

Under these circumstances, the debate in the French chamber of deputies Fashoda next week is eagerly awaited, as the French government is then expected to explain its intentions regarding the remainder of the French posts in the Nile valley, established by Major Marchand. In diplomatic circles a reassuring impres sion has been made by M. Dupuy's declaration of yesterday evening that the French government's policy will be based on well understood interests, and that its efforts will be measured by the value of the objects in view. This is held to imply that the present government will show a conciliatory attitude on the remaining points in dispute.

The attitude of the sultan of Turkey and the khedive of Egypt on the Egyptian question is being closely watened, and it is said the British foreign office has received proofs of attempts on the part of France to influence both of them against Great

proofs of attempts on the part of France to influence both of them against Great Britain.

The intrigues at Constantinople, it is added, were greatly checked by the present relations between Great Britain and Germany and the British diplomatic agent in Egypt, Lord Cromer, has taken the khedive in hand and its understood to have put before him a sort of ultimatum which may have involved his deposition in favor of his brother, whereupon the khedive became submissive, and indicated, as a token of submission, his willingness to visit England and pay his respects to Queen Victoria, a duty which he has hitherto evaded, although he has paid prolonged visits to several European capitals.

A majority of the people here have been convinced that war between Great Britain and France is inevitable, sooner or later, and many expressions of regret were heard to-day at the military and other clubs that the conflict apparently is not to take place in the near future, as it is the general belief that the army and navy are in a perfect state of preparedness. The general feeling in the country is such as would indore any warlike action upon the part of the government.

In any case, work at the arsenals and dock yards actively and silently continues and information on the subject has been curtailed to an unprecedented point. All the officials have strict orders not to talk. The British admiralty has suspended its daily announcements of the movements of British ships abroad and naval men express the opinion that such far-reaching preparations mean something far more than a naval demonstration.

### TO BE CHRISTENED WITH BEER

Battleship Wisconsin to Glide Into the Ocean Under Peculiarly

Happy Auspices. MILWAUKEE, Nov. 5 .- Old World cusems and wornout precedents are about to be shelved at the launching and christen ing of the battleship Wisconsin, which takes place November % at San Francisco With the permission of the Wisconsin battleship commission, the Joseph Schlitz Brewing Company will furnish the most elaborate and beautiful christening outfit ever conceived, the cost of which to be no object. The bottle to be used the design for which has just been accepted, will be specially blown of fine glass, and will contain Schlitz beer. It is to be fitted with a solid silver stopper, beautifully enased and engraved, and surmounted with a solid gold badger, couchant, showing his leeth, The bottle will be covered with a corded gold and silver filigree net. Set in the net will be a gold plate on which will appear an engraving of the Wisconsin, and of the handsome features of Miss Elizabeth Stephenson, who will perform the christening ceremony, together with the date, names and personnel of the Wisconsin battleship commission, and decorated with red, white and blue satin ribbons, will form the most unique souvenir ever prepared for such an occasion.

sin nattieship commission, and decorated with red, white and blue satin ribbons, will form the most unique souvenir ever prepared for such an occasion.

The Jos. Schlitz Brewing Company's letter to the Wisconsin battleship commission follows and is self-explanatory:

The Wisconsin Battleship Commission.

Gentlemen:—We beg leave to respectfully submit the suggestion that as an appropriate innovation at the christening of the battleship Wisconsin, the ceremony be marked by the use of something much more typical than the prosaic bottle of champagne.

Wisconsin is not a champagne producing state; the use of imported champagne would scarcely seem American enough for such an occasion.

Disregard of musty precedents and Old World customs is characteristle of this progressive nation. Therefore, we suggest that the battleship which is to bear the historic name Wisconsin be christened with a bottle of Schlitz Milwaukee beer. This product has a name all over the world for purity and excellence. It is an hon-st American product. Only a few weeks ago nearly half a million bottles of this "beer that made Milwaukee famous," were shipped to the men behind the guns at Manila-the largest and most noteworthy shipment of beer that ever left America.

If your honorable body receives this suggestion with favor, the Joseph Schlitz Brewing Company will be pleased to present a handsome souvenir bottle of the best beer brewed. A solid silver stopper, gold and silver filipree net holder, suitably inscribed, satin ribbon bow and streamers, etc. will be designed and submitted to you for approval, and every effort made to have the gift suitable for the auspicious event.

Trusting to receive a favorable reply, after due consideration, we remain yours after due consideration, we remain yours most respectfully.

JOSEPH SCHLITZ BREWING CO.

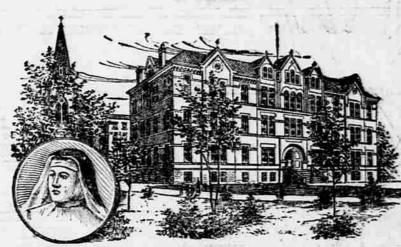

Milwaukee, Wis, Oct. 21, 1885.

No state in the "nion is so typically a beer producing cen r as Wisconsin, and as lager beer is fast becoming, if it is not already, the national drink, it seems most appropriate to christen the Wisconsin with "The Beer That Made Milwaukee Famous," instead of using imported champagne.
